

Introducing the...

POP AI Zone

exhibit, network, engage

POP AI is delighted to be partnering with the VM & Display Show, the longest running retail exhibition in the UK.

The POP AI Zone will feature an engaging programme of content in our must-attend theatre area and showcase the best our members have to offer in creativity and instore expertise in our exclusive POP AI member-only exhibition spaces.

Our two-day content programme offers something for everyone interested in shopper marketing, sustainability, retail design, display and visual merchandising. With content spread throughout the two days, the POP AI Zone will be a constant hive of activity driving footfall to this key area. During the content presentations our theatre area will drive visitors and in the downtime between sessions the Zone will be a great meeting place for members with flexible seating space amongst the exhibition stands.

DAY 1 | 16th April

In a first for POPAI, we will be hosting the spring edition of our ever-popular 'Shopper Seminars' on the first day of the show. Over the course of the day, we'll bring case studies from leading brands and retailers as well as a global retail trend update from our friends over at GDR. We are thrilled to extend an invitation to our non-members to join us to share the knowledge, networking and experience the POPAI community first hand.

SHOPPER SEMINAR

Schedule

10:15 – 11:15

First presentation session

12:15 – 12:45

POPAI sustainability & Awards updates

13:30 – 14:50

Second presentation session

DAY 2 | 17th April

On day two, we turn our attention to POPAI's established series of best practice training workshops, curated into a bite sized-format for the show audience, addressing some of the current issues we all face.

MASTERCLASS WORKSHOPS

Shopper Marketing Essentials 11:00

Explore today's shopper and best practice in P-O-P through practical, real-life examples and leave with key takeaways that you can implement right away to boost retail performance and personal achievement.

Digital Experience Fundamentals 13:00

Discover how to navigate the minefield of in-store digital solutions, leverage digital solutions to enhance the shopper experience, build a business case and be inspired by best practice case studies.

Sustainability Workshop 15:00

Hear the key sustainability topics facing the retail design and display industry from industry experts and find out either how to start your sustainability journey or what your next steps should be.
